

THURNHAM C.E. INFANT SCHOOL
Action Plan for PE and School Sport Funding
September 2017

Background

As part of the Government's determination to secure an enduring legacy from the London 2012 Olympic and Paralympic Games, the Prime Minister has declared that £300 million worth of funding has been allocated to primary schools for the next two academic years. Thurnham will receive a lump sum of approximately £8900. This money is ring-fenced and can only be spent on the provision of PE and sport at Thurnham. Naturally schools will need to think carefully about what they are going to spend their money on and they will be accountable for their expenditure; this includes monitoring the impact that the extra money has on pupil's progress and participation in sport and PE.

So that we can ensure that we are fully meeting our pupils' needs, we have sought the opinions of the children, the staff and the Senior Management Team at Thurnham. Interestingly there were a lot of similarities in their responses, and as a consequence we have devised an action plan that details how we intend to spend the money in the academic year 2017-2018.

Our overall aim is to improve the quality, provision and sustainability of PE and sport at Thurnham and the attached action plan details how we intend to do this.
