

Y2 COMPARATIVE REPORT – 2022

This table shows a summary of the National Curriculum assessment results of pupils in the school (2022) at the end of Key Stage 1, as a number and as a percentage of those eligible for assessment.

There is no national figure yet available for 2022 and any comparison with pre-Covid levels would be not relevant.

The number of eligible children is: 90 **Figures may not total 100 per cent because of rounding.**
First number is number of children, second number is the percentage of cohort.

The Expected + (EXS+) column should be the headline figure for comparison (this is the cumulative figure for 'Expected and Greater Depth' combined).

40 boys and 50 girls in year group

			Number / Percentage EXS +
Reading	All	School	72 80%
		National	N/A
Writing	All	School	61 68%
		National	N/A
Mathematics	All	School	73 81%
		National	N/A
Science	All	School	84 93%
		National	N/A

We have a number too small to report outcomes publicly in our 'Disadvantaged / Pupil Premium' cohort.

EXS - Working at the Expected Standard

GDS – Working at Greater Depth at the Expected Standard

Science is reported as Working at the Expected Standard or Not Working at the Expected Standard, Greater Depth is not assessed for this subject.
